Dear Sir:

GROUP 3300

In response to the office action dated April 7, 1997, please
amend the above-captioned patent application as follows:

In the Claims

Amend the claims as follows:

4. (Amended) A balloon angioplasty catheter comprising:
an elongated catheter body having a proximal end and a distal
end;

a balloon including an inflatable envelope portion, the
balloon having a proximal end and a distal end;

a perfusion lumen extending through the balloon, the perfusion
lumen having a proximal end and a distal end, the proximal end of
the perfusion lumen being proximate the proximal end of the
